REASONS FOR ALLOWANCE

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on February 9, 2006 has been entered.

2. The following is an examiner's statement of reasons for allowance: The references of record do not teach or suggest a method comprising: etching away the oxide layer except where it overlies the trenches; thereafter first polishing away the oxide layer and a portion of the nitride using first slurry having low selectivity to nitride; removing the nitride; second polishing the oxide layer and a portion of polysilicon layer using a second slurry having high selectivity to polysilicon.

Applicant's responses and amendments of January 9, 2006 (particularly, page 6, item 2 and page 10, item 5) are deemed persuasive to overcome the previous rejections.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
